AYSU DELİAHMETOĞLU

+90 506 283 50 27 Ümraniye/İstanbul aysudeliahmetoglu@gmail.com linkedin github twitter

NEW GRAD SOFTWARE DEVELOPMENT ENGINEER (Python)

EDUCATION

Yalova University - B.Sc. in Computer Engineering(%30 English) - Yalova, Turkey 09/2019-07/2024

- B.Sc. Thesis work: Online Smart Labeling and Feature Analysis with Data Management on Huawei Cloud ModelArts Platform

EXPERIENCE

Huawei Turkey R&D Center

- **Software Engineer Intern - Istanbul, Turkey 01/2024-02/2024**

I was involved in implementing DevOps practices, conducting software testing, and automating processes. I also managed database operations.
(Postman, MobaXterm, Cloud Services, Dbeaver, MySQL)

- **Software Engineer Intern - Istanbul, Turkey 07/2022-08/2023**

I focused on data preparation and preprocessing, model development and training, performance evaluation, and optimization and acceleration. Additionally, I kept track of technology and research advancements.
(Google Colab, PyTorch, TensorFlow, YOLO, Faster-RCNN, Roboflow)

- **Software Engineer Intern(Long Term) - Istanbul, Turkey 12/2022-07/2023**

I was responsible for various tasks including data anonymization and pre-processing, scripting, and model development and training. I evaluated the performance of models, optimized and accelerated algorithms, and stayed updated with the latest technology trends and research developments.
(Python, Jupyter Notebook, Pegasus, PyTorch)

ACTIVITIES

Representative of Yalova University Huawei HSD(Huawei Student Developer) 01/2021 -
I organize events about mobile application development and network technologies.

1st place at Huawei ICT Competition 2023-2024
Organized by Huawei in **Europe** and subsequently travelled to China for the **global final**, where I secured **3d place**.

PUBLICATIONS

Abstractive Text Summarization for Resumes With Cutting Edge NLP Transformers and LSTM

Mercan, Ö. B., Cavsak, S. N., Deliahmetoglu, A., & Tanberk, S. (2023). *arXiv preprint arXiv:2306.13315*.

Named entity recognition in resumes
Kesim, Ege, and Aysu Deliahmetoglu. *arXiv preprint arXiv:2306.13062* (2023).
